

# Lubra Dehumidifier LDH520

(18 litres a Day)

The LDH520 is a beautiful and compact appliance that features low energy consumption. It is suitable for living rooms, basements, storage rooms, stores, rooms where laundry is dried, etc. The integrated humidistat allows you to set the desired and fully automatic dehumidification and drying action. A handy handle and four casters simplify the transport. It is perfectly suited for use in all different types of rooms. Integrated overflow protected bucket is easily emptied. You can also hook up the appliance to a hose to drain the condensed water directly.

### Benefits:

- ✓ Very low energy consumption

Humidistat adjustable

Bucket overflow controlled

Air filter washable

Specifications		Model: LDH520
Voltage	220 - 230 Volts / 50 Hz	
Power consumption at 20°C - 60% r. H. (relative Humidity)	242 Watts	
Permissible room temperature	5 - 30 ° C	
Dehumidification of rooms	5 - 250 m <sup>3</sup> (or 110 m <sup>2</sup> ) / hr	
When drying laundry	5 - 40 m <sup>3</sup> / hr	
Air circulation	200 m <sup>3</sup> / hr	
Automatic de-icing system	Compressor shut-off	
Refrigerant (CFC free)	R134a	
Dimensions H x W x D	61 x 35 x 25 cm	
Weight	18 kg	
Bucket with overflow protection	4.5 Litres	
Hose to drain water directly	12 mm (as separate accessory)	
Colour	white case, transparent bucket and blue panel	
Noise level at a distance of 5 m / 2.5 m	39 / 44 dbA	
Air filter	washable	
<b>Warranty</b>	<b>2 years (return to authorised agent)</b>	
<b>Max. water extraction, average power consumption and efficiency in different conditions:</b>		
<b>Temperature</b>	<b>80% r. H.</b>	<b>60% r. H.</b>
- 30° C	18.20 L / 24 hrs (0.48 kWh / L)	12.00 L / 24 hrs (0.62 kWh / L)
- 25° C	15.10 L / 24 hrs (0.47 kWh / L)	9.73 L / 24 hrs (0.67 kWh / L)
- 20° C	11.90 L / 24 hrs (0.48 kWh / L)	6.91 L / 24 hrs (0.84 kWh / L)
- 15° C	8.96 L / 24 hrs (0.58 kWh / L)	4.76 L / 24 hrs (1.18 kWh / L)
- 10° C	4.05 L / 24 hrs (0.99 kWh / L)	1.89 L / 24 hrs (2.13 kWh / L)

For your convenience, data sheets are available that list the efficiency relative to different temperatures.

### Accessories available:

- 12 mm clear hose for direct drainage of condensed water
- Optional wall mounting bracket and Lubra hygrometer to control moisture
