

WET & FORGET

Moss Removal, Mould Removal and Gunge Removal

Wet & Forget has a unique combination of biodegradable selective surfactants. When diluted with water and applied to any exterior surface, it immediately attacks that unsightly moss, mould, gunge and grime.

Each time it rains, this safe, cleansing combination reactivates to help flush the moss, mould, gunge and grime without scouring the surface it has infested.

Benefits of Using Wet & Forget

- Eliminates Harsh Methods - helps prevent the damage caused by the harsh scouring of scrubbing and waterblasting.
- No Special Equipment - just use with a garden sprayer.
- Residual Effect - some of the ingredient remains active if the surface is porous. This will prevent premature recontamination.
- Convenient Application - no need to apply all at once. Choose small convenient areas to treat at your leisure.
- Unlimited Shelf Life - has an unlimited shelf life, unlike bleach based cleaners.
- Easy to Maintain - after the first application use as a maintenance tool. Only re-apply at the first sign of recontamination.
